Subject: my formaldehyde revisions
Attachments: Formaldehyde_Cancer_DR_Section 2_090215-jjrev2.docx

hi, Barbara and Andrew. here is a completed version of my revisions, in track changes, to sections pertaining to the human-data-based cancer risk estimates, primarily revising and restructuring the uncertainty discussions. there is one part i've noted that Ravi needs to fix. he said he'd probably get to it this week. if my head ever clears, i'll try to find the time to proof-read my revisions. jj
